School will be closed on Monday, January 16th in observance of Martin Luther King Jr. Day.

On Sunday, March 26, 2023, the Tri-State Engineering Expo will present the sixteenth annual Engineering EXPO, to educate regional high school and middle school students about engineering as a career. It will be held at White Plains High School from 11:00 AM to 3:30 PM. The goals of the annual Tri-State Engineering Expo are as follows:

- Recruit grade 8-12 students interested in math and science and teach them about careers in engineering.
- Inform juniors and seniors about requirements for engineering degrees. Several colleges in the region with engineering programs will set up booths or tables with information about admission and curriculum.
- Enlighten the students about careers in engineering. Most do not realize that 8 of the 10 highest paying Bachelor degrees are in engineering fields.
